

#2799

9622 sqm Residential land

€5,500,000

 Germasogeia, Limassol

Irregularly shaped plot (not a perfect rectangle), with exact boundaries to be determined according to the title deeds and a future survey. The non-standard shape offers flexible layout options, to be verified on site with the buyer's architect or surveyor. The plot is subject to road widening and a corresponding reduction in its current area. Prospective buyers are strongly advised to confirm the exact strip to be ceded and the resulting net plot size with the local Planning Authority or a licensed surveyor before proceeding

Area

 9622 m²
