

Whole office building

€28,000 /month

Petrou Kai Pavlou, Limassol

A modern four-storey office building with underground and surface parking and a shared 133 m^2 roof terrace. Panoramic floor-to-ceiling glazing brings in plenty of natural light, and each open-plan office has its own covered veranda.

Offices are delivered in shell and core condition, with connection points for air conditioning, electricity, water and drainage, and preparation for raised floors, ceilings and lighting. Energy-efficient double-glazed aluminium windows add acoustic insulation.

Design your future workspace according to your needs and vision, with flexible shell & core office spaces ready for customization.
Office Spaces
Shell & Core delivery, allowing full flexibility in layout and interior design
High-performance thermal aluminium doors and window frames with double glazing
